March 2024 Photog of the Month

CELESTE SALINAS OF FIEL PHOTOGRAPHY

Celeste Salinas is relatively new to the Midland area but has been an established photographer for some time in New Mexico. Celeste, a loyal Sony shooter, has been shooting for nearly a decade. Beginning her photography journey as a teenager, she started with Landscape Photography, taking road trips and capturing the beauty of nature. Celeste then began taking pictures and videography for her local church. From there, Celeste attended Film School and after graduation, she continued to pursue her passion for photography, creating Fiel Photography.

Celeste loves being a photographer as it allows her to connect with people in different walks of life and feels that it's an honor to be apart of their special milestones. One of Celeste's favorite type of sessions is her at-home newborn and maternity sessions. One piece of advice Celeste has for other photographers is to do at least one creative project or workshop every few months. This will keep you encouraged, strengthen your photography skills and network with others.

Fiel Photography offers a variety of photography services, including Family, Maternity, Lifestyle, Graduates, Couple, Weddings and Church Events.
