April 2024 Photog of the Month

AMBER VALLES OF ROSE PHOTOGRAPHY

Amber Valles, a native Texan, grew up in Laredo and lived in a few other states before she finally made it out to Midland, TX. Her love for photography started in High School when she was gifted a camera. When Amber became the mother of two wonderful daughters, her passion for photography only grew as her baby girls are her muses. Amber treats each session with a Mother's Point-of-View, and captures every beautiful photo how she'd want her own baby girls photographed.

An avid Canon shooter and Professional Photographer, Amber has been running her own business, Rose + Hope Photography, for several years now. For Amber, the best part of being a Photographer is getting to know the families she works with. Being able to capture beautiful moments that her clients will be able to look back on forever, is a timeless and rewarding experience for Amber. Amber's favorite photography sessions are Couples or Graduation/Senior Sessions.

Amber's advice for other Photographers is to have fun with your clients and let your creative juices flow. Don't hold back! Also, make sure you take time to prioritize yourself and don't become overworked. Being in a good place mentally is best for you and your clients! Rose + Hope Photography offers a variety of photography services, including Outdoor Natural Lighting, Studio Sessions (natural lighting and studio lighting), Single Portraits, Couples Portraits, Maternity, Family Portraits, Graduation/Seniors.

Rose + Hope Photography specializes in Graduation/Senior Sessions, Couple Sessions, and Small Family Sessions!
